## RAILBOOKERS FAQ'S

### Can my customers take a rail holiday that you offer in reverse?

Yes! We can offer a reverse option on any of our itineraries. If your customers are already planned to be in one destination and would like to visit cities on one of our packages in a different order or start/finish in a different location, they can!

### Can my customers upgrade to first-class rail on some or even all of their rail holidays?

They certainly can. We know that many of our customers like to upgrade some or all of their train journeys to first-class. Upgrading will give your customers a larger seat, more legroom and even a meal and drinks on certain routes.

### Where are your hotels located?

We offer centrally located hotels with a variety of 3, 4, and 5 star options to best suit your customers' needs and budgets.

### Can I make changes or customise a rail holiday?

Absolutely. We can add hotel nights to give your customers extra time to explore their destination, or add in additional destinations to help them discover new ones! We can also add transfers for ultimate ease and convenience and have an extensive range of sightseeing options, so they can make the most of their trip. Just speak with our Rail Experts and we'll start creating the perfect rail holiday.
